

Artpark seeks to foster an understanding and awareness of the many and varied forms of art and art makers. Since its inception, it has served as an active prototype for a truly public art. We invite you to install your artwork at Artpark so that it may be experienced by our 234,000 annual visitors.

Support will be provided in finding the right location for your artwork, as well as guidance during the installation process (including any necessary approvals by the NYS Parks), and umbrella general liability insurance coverage. You will have to provide your own crew for the installation under the guidance of a Artpark staff supervisor. Artpark can promote your artwork through our website and social media, in addition to a press release. A reception will also can be accommodated. To make arrangements for a site visit or ask questions contact bnacov@gmail.com cc twinslow@artpark.net

All Artists must submit a full proposal, which includes:

- drawings from the artist
- a conceptual statement regarding the idea behind the artwork.
- a narrative explaining how the project will be installed and supported
- a proposed location. Artpark staff would be happy to assist you in locating one. Please email Brian Nacov for an appointment: bnacov@gmail.com
- expected length of time the project will remain installed
 - Consider 80 mile per hour winds, extreme changes in temperature, phase changes of water, exposure to weather and people.
- Plan and budget for project removal after project has been exhausted by time or entropy.
- Considerations for safety (for example kids climbing on it)
- All installations must be self supporting, there can be no digging.
 - New cement pads cannot be poured, there are some in existence throughout the park
- Installations must not exceed 15ft in height or a 15ft x 15ft foot print.
- Murals may be site specific or painted in studio and installed.
- Subject matter should be appropriate for all ages
- Murals, installations, and performances are subject to approval by New York State Parks and Artpark and Company.
- All projects remain the intellectual property of the Artist.
- Artpark and Company and New York State Parks reserve the right to remove any artwork that is deemed poorly constructed or unsafe.
