

# Studios Available at the Niagara Arts & Cultural Center

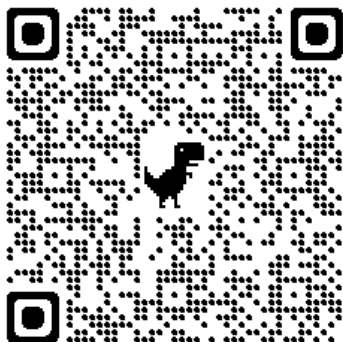

The Niagara Arts & Cultural Center (NACC) is a community-focused cultural center with more than 75 artist studios, including painters, sculptors, ceramicists, educators, woodworkers, photographers, theater companies, and more.

As a site of artistic expression within the City of Niagara Falls we are interested in offering space to artists with community-centered practices, professional artists, and those interested in contributing to our creative ecosystem.

Applications are peer-reviewed, and spaces are subsidized below rental market rates.
